General Price Listing

Date Created:

4/17/2024

To ensure accurate price information, please check to insure the date above is the most recent.

The purpose of this GPL is to give potential clients an idea of the prices for products and services offered by Cedar Memorial.

For questions or concerns be sure to contact your representative.

Base Service Charges

To note: The prices below are tiered based on certain criteria. The only charge that is mandatory is that of the mandatory minimum. From this point forward, the only price you will have to pay is the ones labeled mandatory unless you opt for the other options listed.

Why more than one option?

At cedar we do not have the need to pay overhead such as utilities, permit fees, and more, so we want to make our services as affordable as possible. We also know that clients sometimes feel our services are worth more. We give those clients the option to pay the true costs of the service or the real world value of the service.

Prices listed below are in Robux only; we do not charge real world currency. Prices also do not include extra charges such as venue and clergy fees.

Mandatory Minimum ----- R\$5

Base minimum price required, doesn't cover costs of operation, difference footed by Cedar Memorial.

True Cost (Optional) ----- R\$450

Actual cost of performing the service divided by how many funerals last business period cedar did.

Breakdown: Overhead (Employee wages, advertising costs, commissions): R\$430, profit: R\$20.

Est. Real World Value (Optional) ----- R\$5,400

Price figured by calculated estimated costs of running the funeral home quarterly averaged by 100 funerals a year. Extra costs such as products, venue fees, and more not factored.

Breakdown: overhead (utilities, supplies, permits, licenses, and wages) = \$4,115, Profit = \$1,285
